# Lucas Costa

BIM Modeller at Mercury Engineering at INTEL Ireland  
Condado de Dublin

## Resumo

Currently seeking an opportunity to enhance my skills, along as building an extensive relationship with a company to grow their business further as well as developing their client database and ensuring their quality standard in the industry.

Through my seasoned experiences of 9 years in the mechanical and civil engineering industry, I have demonstrated commitment, quality, service delivery, team spirit, technical and knowledge expertise of tools and steel structures.

---

## Experiência

### Mercury Engineering

BIM Modeller / Structural Designer

outubro de 2018 - Present (2 anos 11 meses)

County Dublin, Ireland

Working in the Engineering Department at Intel Ireland in order to provide full cycle process of technical piping, including 3D Modelling and manufacturing drawings of pipes and supports, technical work visiting the site to ensure that all the support and pipes are correctly installed.

### OpenHydro
